The Conference Organisers:

Chief Executives' Forum : The Chief Executives' Forum is the association of chief executive officers of public bodies in Northern Ireland. The Forum aims to support the democratic process by promoting excellence in public service and, in doing so, to encourage innovation and develop its leaders. Its role is to provide an interagency forum within which new ideas and ways of doing things can be explored, developed and supported.

Institute of Revenues Rating & Valuation: With over 5,000 members, the IRRV is the largest professional institution operating in the field of revenues, benefits and valuation. The IRRV has a growing presence in Northern Ireland - the Institute's main aim is to support its members' professional and personal development and the sharing of best practice.

This is a major event in the conference calendar and an excellent opportunity for all involved with or with an interest in the public services and local government and related matters in Northern Ireland to hear about the key issues affecting the future of public service provision.

It is also extremely good value for money, with the conference fee at less than £40 + VAT, including lunch and refreshments.

We are also indebted to Belfast City Council for its support and assistance in organising their major event.
